GADDS' Year in Beer - 2019

Our Brewery

We're a team of 10, operating a 15 barrel brewery, an on-site tap room, barrel store, and warehouse. We produce over a million pints of beer a year and deliver to pubs, clubs and restaurants throughout Kent. You'll see from these pages that we brew distinctive, modern Kentish beers using years of knowledge, experience and understanding – we've been around long enough to know what we're doing, but not so long as to be old fashioned.

Call Lucy or Steve in the office on 01843 868453

We remain committed to our original goal of brewing fresh, tasty, local beer.

Our Beers

Regulars

– these are everyday classics, beers you reach for almost daily. Generally they've been around a long time and have been tuned to near perfection. Whether cask, keg, bottle or can, we try and ensure our Regulars are available at all times.

Irregulars

– these (mostly) well worn old favourites come and go with the seasons, adding variation and interest to our lives. This Year-in-Beer timeline (overleaf) alerts you to their availability.

Small Batch

– we're brewers and we need to innovate, and this is where we do it. Ideas with varying degrees of daftness are tested on our pilot facility and if they're any good we scale them up and test them on you. If you like them they'll get some artwork and appear on next year's Irregular listing. Come to the tap room and see what's going on.
